

EXHIBIT 1

Holder-ESI	Veasey-ESI	Technical Issues
Beg Bates	Beg Bates	
End Bates	End Bates	
Attachment Beginning Bates - Attachment Ending Bates	Attach Range	ParentID / BEGATT / ENDATT exist for very few families, but not all families in Holder case. The document review program—Summation—does not compute “attach range,” so to accommodate the “attach range” for Veasey, in an attempt to comply with the Veasey ESI, we have been providing the info in the 3 above-mentioned fields.
